

You Get Better Cough Syrup by Making it at Home

What's more, you save about \$2 by it. Easily made and costs little.

You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save \$2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly.

Get 2 1/2 ounces of Pinex (80 cents worth) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full pint—a family supply—of the most effective cough syrup that money can buy—at a cost of only 65 cents or less. It never spoils.

The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat tickle, hoarseness, bronchitis, croup and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions. It's the only thing else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

DRAFT LAW ARGUMENTS IN SUPREME COURT DEC. 10

To Permit Early Decision Appeals Involving Constitutionality Are Advanced.

Washington, Oct. 9.—To permit an early decision, the supreme court yesterday advanced appeals involving constitutionality of the draft law and fixed Dec. 10 for hearing arguments.

Action was taken on motion of the government, which asked that arguments on several suits be heard at the same time. Among them are those of Emma Goldman and Alexander Berkman, sentenced to two years' imprisonment and fines for urging men of conscription age not to register.

Women Steady Workers.

It used to be said that women could not be depended upon like men to work steadily, and, consequently, ought not to expect so much pay as men employed at similar work.

While it would be foolish for any young woman to stay at work when physically unfit, it is believed that most women now continue at their work as constantly as men. Any woman who is unable to do so, should take Lydia E. Pinkham's Vegetable Compound, the old, reliable medicine for women, and get the aid she needs to enable her to keep at work.—Adv.

SNOWSTORM BREAKS DROUGHT.

Also Extinguishes Forest Fire in Black Hills Region.

Deadwood, S. D., Oct. 9.—A heavy snow and rain Sunday broke an extended drought in the Black Hills region. Two inches of snow fell here. A forest fire which had been burning north of here for several days was extinguished.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary solid creams. Care should be taken to strain the lemon juice through a fine cloth so that no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to soothe rough, red hands.—Adv.

NEW VICTORY BY KERENSKY

The Premier Wins Support of Democrat Delegates

WILL RECONSTITUTE COALITION CABINET

Nation's Traffic Is Blocked by the Railroad Strike

Petrograd, Oct. 9.—After a conference for three hours of members of the government, including Premier Kerensky, with a delegation representing the Democratic Congress and with representatives of the Bourgeois Sunday, a complete agreement was reached on all questions. The premier declared that the government purposed immediately to form a complete cabinet, so that the reconstituted coalition government might be able to go to work at once on the basis laid down.

In view of the government's objections the representatives of the Democratic Congress withdrew their request that one of their delegates participate in the forthcoming inter-allied conference in Paris.

M. Tsereteli, former minister of the interior, at a secret session of the preliminary Parliament, an outgrowth of the Democratic Congress Sunday, outlined the recent negotiations with the government, which, he said led to a speedy agreement on all points except the responsibility of the government to the preliminary Parliament. The question was settled, he added, by an agreement that the Parliament should be convoked officially and organized by the government. The Parliament would include 120 representatives of non-democratic elements who would have the right to interpellate the government, which must reply formally and juridically. The government would not be responsible to Parliament, but no cabinet could continue in existence without the confidence of Parliament.

The Parliament endorsed the formula covering the question of the responsibility of the government to Parliament by 100, to 84, 22 members abstaining from voting.

M. Tsereteli announced that satisfactory assurances had been given the Democratic members of the congress that energetic measures would be taken to convene an inter-allied conference for the revision of treaties, at which the democracies would be represented.

When a committee from the Democratic Congress visited Premier Kerensky Saturday he addressed the committee as follows:

"The growth of anarchy, the condition of political ruin which confronts the country, the extravagant demands of various groups and the strivings in certain quarters to restore the former regime force a recognition of the necessity of union and coalition. Only the union of the Bourgeois and Democratic elements can save the country.

Minister of Foreign Affairs Terestchenko pleaded for a construction of the nation's forces so that "the delegates who will participate in the Paris conference on Oct. 16 may point out to the allies that our fighting force has been renewed and that our boast of strength is no myth. Owing to the vacillating character of the congresses, which one day welcome the war minister with his aims for reconstruction of the army, and the next day applaud the Bolshevik program, the government has passed, 56 out of 197 days in a state of crisis," M. Terestchenko added.

The workmen in all the paper factories of Petrograd have gone on strike. The strike threatens, if prolonged, to embarrass the early convocation of the constituent assembly, owing to the demand for paper for the electoral bulletins which had been ordered from the factories affected.

General Korniloff probably will escape trial by court-martial, because of technicalities, and be judged, instead, by a civil court on the charge of insubordination, says the Novaya Zhiiz. It is pointed out that General Korniloff's march toward Petrograd was by order of the government, which three days after the rebellion, continues the news-paper, commanded that all orders issued by General Korniloff at the front be carried out. Therefore, it is argued, he can only be considered blamable from the moment when he refused to resign as commander-in-chief, and this demand only emanated from Premier Kerensky, whereas General Korniloff has been appointed by the provisional government. It is further pointed out that M. Lvoff, who acted as messenger between the general and the premier, admits that he garbled General Korniloff's message, transmitting it in the form of an ultimatum without having received instructions to do so.

Eight thousand soldiers at Gomel in the Province of Mohilev, following a meeting, refused to go to the front, says a telegram from Gomel. The soldiers afterwards became disorderly, and to prevent excesses they were surrounded by Cossacks. They promptly surrendered.

The fire in the Panayeff theatre Saturday, in which some twenty-five to one hundred persons lost their lives, is supposed to have been ignited from a dropped cigarette. Most of the victims were soldiers on the fifth floor. The loss is estimated at about 2,000,000 roubles.

NORTH RANDOLPH

The program at North Randolph grange Friday evening, Oct. 12, will be as follows: Instrumental music, Mr. and Mrs. Thayer; paper, "The Discovery of America"; song, choir; reading, "Columbus"; piano solo, Mrs. Arthur Parker; reading, "A Letter from Columbus"; roll call, answered by anecdotes about Columbus; vocal solo, Mrs. Rifford; recitation, "Little Neighbors Moving"; music, choir; reading, "October"; singing, "Autumn Leaves"; surprise song. At this meeting plans will be made for the visit to Williamstown grange Oct. 18. At its last meeting, North Randolph grange voted to pay \$5 for the war library fund. At the meeting this week members of the public safety committee will be present.

ORANGE COUNTY FARMERS' ASSOCIATION NOTES

Notes for Week Ending Oct. 6.

Orange county lays further claim to being one of the most progressive counties in the state by the appointment of Miss Mildred Dutton, a graduate of the home economics department of the University of Vermont as home demonstration agent for this county. Miss Dutton began her new work Oct. 4 and a full schedule has already been mapped out for her work for this month. This new work is a part of the campaign made possible by the appropriation from Congress for home demonstration work along the lines of conservation of food. The work taken up by the home economics project this first season will be largely with that end in view. With a fuller realization of the people of the needs of this war and the necessity of not only saving as large a part of the home-grown foods as possible but also the substitution of new food materials in order that those most needed by the allies can be shipped abroad, there is a special value in having a trained home economics worker here in the county. Miss Dutton will try to work as far as possible with groups of women in the various communities, as time will not permit many individual calls. It is hoped that questions along these lines will be asked by mail when it is impossible to see her. Her address will be Randolph, or letters sent to the county agent will be turned over for her to answer. All interested in doing their bit for their country in this war are asked to attend the meetings, as they are held in the different communities.

Miss Dutton's schedule for the week ending Oct. 13 is as follows: Monday afternoon, Randolph Center; Tuesday afternoon, Chelsea, upper branch; Wednesday evening, West Fairlee Center Farmers' club; Thursday evening, West Bradford Farmers' club; Friday afternoon and evening, Chelsea school fair; Saturday, Thetford kitchen.

Her schedule for the week ending Oct. 20 is partially filled, as follows: Monday evening, Beth Farmers' club; Tuesday evening, Corinth, Taplin hill district; Wednesday, Vershire; Thursday, Stratford.

Three meetings have been held by the farm bureau this past week. Tuesday evening a meeting was held in Newbury Center schoolhouse, at which was discussed the coming year and the possibilities of a triangular farmers' club in the north part of Newbury, meeting at Jefferson hill, Boltonville and Newbury Center. Wednesday evening the East Brookfield Farmers' club met and had a lively discussion on various farm topics. Saturday afternoon Miss Dutton met several of the ladies in Williamstown and discussed the possibilities of forming a local homemakers' club for the discussion of home problems.

M. M. Wilcox of the state committee of public safety will be present with the county agent at West Fairlee Center, West Bradford and West Newbury at the farmers' club meetings Wednesday, Thursday and Friday evenings. Tuesday those interested in the farm loan bank association met in Chelsea. Saturday, Oct. 13, the county agent plans to be at the East Bethel creamery to test samples of milk and answer feed questions. A meeting will be held that evening in the same place.

For the week ending Oct. 20 Oct. 17 will be spent at Vershire creamery and Oct. 18 at Stratford creamery to do similar work.

Summary for week ending Oct. 6:

Days in office	1.5
Days in field	4.5
Office calls	4
Letters written	27
Farm visits made	36
Meetings	2
Attendance	40
Miles traveled	325

E. H. Loveland, County Agent.

Men in Training

Fighting isn't the only duty of a soldier, and exposure to bullets is not as serious as exposure to all kinds of weather and dampness. Rheumatic aches, sore and stiff muscles, strains and sprains; chilblains and neuralgia, all are enemies of the soldier, and the relief for all these pains and aches is Sloan's Liniment. Clean and convenient to carry or use; does not stain, and penetrates without rubbing. Generous sized bottles, at all druggists, 25c, 50c, \$1.00.

BUSINESS MEN MOBILIZE AGAIN

New Move to Back War Is Going on All Over the U. S.

THE LEVER ACT IS THE CAUSE

Interest in Contracts Forced Committeemen to Resign

Washington, Oct. 9.—A new mobilization of business behind the war to replace the defense council's "alcohol to zinc" sub-committees is going on throughout the country to-day.

Timidity on the part of many committeemen to serve in face of the law's penalty for having a private interest in a government contract made a new mobilization plan necessary.

Director Gifford of the council, denying reports of wholesale resignations by the entire committee, asserted that only "twenty-five or thirty" men had withdrawn from advising the council on contracts. Outlining the new scheme for enlisting expert business aid in the war, Mr. Gifford said:

"The plan is to organize industries and have them function through the war industries board by their own trade committees. Some are already doing it. Other lines, still unorganized, will have to get together. In this scheme the industries cannot violate the Lever act and will be ready at all times to aid the war industries board with any war plans affecting their respective trades."

WHEAT CROP SHOWS ANOTHER BIG DROP

Corn Yield for the Country Is Below What Was Expected on Sept. 1.

Washington, Oct. 9.—The spring wheat crop will total 242,450,000 bushels, from indications on Oct. 1, the agriculture department estimated yesterday afternoon. Other lines are already doing it. Other lines, still unorganized, will have to get together. In this scheme the industries cannot violate the Lever act and will be ready at all times to aid the war industries board with any war plans affecting their respective trades."

The corn crop this year is estimated at 3,210,795,000 bushels, a reduction since Sept. 1 of 36,717,000 bushels, and compared with last year's crop of 2,583,241,000.
